	A	Allowing students to sit wherever they prefer in the exam hall.
	B	Using proctors who are close friends or family members of the students.
	C	Providing students with the answer key before the exam.
	D	Implementing a strict policy of no electronic devices during the exam.
	E	None of the above
	Correct Answer	D
	Marks	1

18	Question Description	The term "MOOC" stands for:
	A	Mainstream Online Orientation Courses.
	B	Massive Open Online Collaboration.
	C	Modular Object-Oriented Curriculum.
	D	Massive Open Online Course.
	E	None of the above
	Correct Answer	D
	Marks	1

19	Question Description	What is the significance of delegation in managing examination processes?
	A	Delegation allows the examination manager to avoid responsibility for any issues that may arise.
	B	Delegation ensures that examiners handle all communication with students and parents.
	C	Delegation allows the examination manager to focus on critical tasks while empowering others to assist.
	D	Delegation allows the examination manager to impose additional responsibilities on students.
	E	None of the above
	Correct Answer	C
	Marks	1

20	Question Description	What is the first step in the problem-solving process when managing examination-related challenges?
	A	Analyzing the root cause of the problem
	B	Implementing a solution immediately to avoid delays
	C	Assigning blame to the individuals responsible for the problem
	D	Ignoring the problem in hopes that it will resolve itself
	E	None of the above
	Correct Answer	A
	Marks	1

21	Question Description	In the context of educational institutions, what does "resource allocation" refer to?
	A	Distributing study materials to students.
	B	Assigning tasks and responsibilities to staff members.
	C	Allocating budget and funds for various activities and needs.
	D	Dividing students into different classes and sections.
	E	None of the above
	Correct Answer	C
	Marks	1

22	Question Description	What is the purpose of moderation in the examination process?
	A	To ensure consistency in grading across different examiners
	B	To reduce the overall difficulty level of the examination
	C	To eliminate the need for external evaluations
	D	To speed up the grading process
	E	None of the above
	Correct Answer	A
	Marks	1

23	Question Description	Which of the following scenarios is an example of a violation of examination regulations?
	A	A student accidentally brings an unauthorized calculator into the exam room.
	B	A student forgets to sign the attendance sheet at the beginning of the exam.
	C	A student completes the exam within the allocated time limit.
	D	A student asks a fellow student for clarification on a confusing question during the exam.
	E	None of the above
	Correct Answer	A
	Marks	1

24	Question Description	Which of the following is NOT typically covered in examination policies and guidelines?
	A	Examination schedule and timetable
	B	Rules for academic misconduct and cheating
	C	Grading distribution for each subject
	D	Rules for handling special accommodations for students with disabilities
	E	None of the above
	Correct Answer	C
	Marks	1
25	Question Description	Which of the following laws or regulations ensures the protection of students' personal data in a polytechnic institution?
	A	Education Act
	B	FERPA (Family Educational Rights and Privacy Act)
	C	HIPAA (Health Insurance Portability and Accountability Act)
	D	Digital Millennium Copyright Act
	E	None of the above
	Correct Answer	B
	Marks	1

26	Question Description	Which of the following is an example of enhancing the validity of an assessment?
	A	Increasing the number of questions on the assessment
	B	Allowing students to use their textbooks during the assessment
	C	Ensuring that the assessment aligns with the learning outcomes
	D	Changing the assessment format frequently to surprise students
	E	None of the above
	Correct Answer	C
	Marks	1

27	Question Description	The process of attracting, developing, and retaining qualified individuals to fulfill the staffing needs of an organization is known as:
	A	Recruitment
	B	Training and development
	C	Human resource management
	D	Performance evaluation
	E	None of the above
	Correct Answer	C
	Marks	1

28	Question Description	Which interpersonal skill is most crucial for an examination coordinator to effectively communicate with examiners, students, and other stakeholders?
	A	Negotiation skills
	B	Active listening
	C	Decision-making
	D	Time management
	E	None of the above
	Correct Answer	B
	Marks	1

29	Question Description	Which type of question is most effective for assessing problem-solving skills?
	A	True/False questions
	B	Multiple-choice questions
	C	Short-answer questions
	D	Essay questions
	E	None of the above
	Correct Answer	C
	Marks	1

30	Question Description	The organizational structure of a typical polytechnic institution usually includes:
	A	A Board of Governors, faculty members, and parents.
	B	A Principal, teachers, and student representatives.
	C	A Directorate, administrative staff, and support personnel.
	D	A Governing Council, alumni, and non-teaching staff.
	E	None of the above
	Correct Answer	C
	Marks	1

31	Question Description	What is the purpose of using a rubric in the grading process?
	A	To provide detailed feedback to students after the exam
	B	To ensure consistent and objective evaluation of student responses
	C	To determine the overall difficulty level of the examination
	D	To allocate more points to difficult questions and fewer points to easy questions
	E	None of the above
	Correct Answer	B
	Marks	1

32	Question Description	Which of the following entities is responsible for establishing and enforcing academic regulations in a polytechnic institution?
	A	Faculty members
	B	Students' union
	C	Board of Governors
	D	Alumni association
	E	None of the above
	Correct Answer	C
	Marks	1
33	Question Description	What is the primary purpose of having a specific time limit for each examination?
	A	To ensure that all students finish the exam at the same time
	B	To put pressure on students and test their time management skills
	C	To allow students with special accommodations more time to complete the exam
	D	To prevent cheating and unauthorized communication during the exam
	E	None of the above
	Correct Answer	D
	Marks	1

34	Question Description	The "RUSA" initiative in India is related to:
	A	Environmental conservation in educational institutions.
	B	Upgrading and funding state universities to improve quality and access.
	C	Promoting sports and physical education in schools and colleges.
	D	Providing financial assistance to private institutions for research projects.
	E	None of the above
	Correct Answer	B
	Marks	1

35	Question Description	Which type of analysis involves comparing the performance of different student groups on an assessment?
	A	Descriptive analysis
	B	Inferential analysis
	C	Predictive analysis
	D	Comparative analysis
	E	None of the above
	Correct Answer	D
	Marks	1

36	Question Description	Why is stakeholder engagement essential in the examination management process?
	A	It ensures that stakeholders have access to confidential examination materials.
	B	It helps in shifting responsibilities from examiners to other stakeholders.
	C	It creates a sense of ownership and buy-in from all involved parties.
	D	It prevents stakeholders from raising concerns or objections.
	E	None of the above
	Correct Answer	C
	Marks	1

37	Question Description	What is the main purpose of quality assurance in technical education?
	A	To increase the number of enrollments in technical courses.
	B	To standardize the curriculum across all technical institutions.
	C	To ensure that educational programs meet established standards of excellence.
	D	To promote competition among technical institutions.
	E	None of the above
	Correct Answer	C
	Marks	1

38	Question Description	Which of the following is a benefit of using visual representations (graphs, charts) in performance analysis reports?
	A	They make the reports look more appealing.
	B	They help avoid the need for written explanations.
	C	They allow for quick identification of patterns and trends.
	D	They prevent students from misinterpreting their grades.
	E	None of the above
	Correct Answer	C
	Marks	1
39	Question Description	In the context of technical education, what does the acronym "AICTE" stand for?
	A	All India Council for Technical Examinations.
	B	Association of Indian Colleges for Technical Education.
	C	All India Committee for Technical Evaluation.
	D	All India Council for Technical Education.
	E	None of the above
	Correct Answer	D
	Marks	1

40	Question Description	What does reliability in assessment refer to?
	A	The degree to which an assessment measures what it is intended to measure
	B	The consistency and stability of assessment results over time
	C	The fairness and impartiality of the assessment process
	D	The extent to which an assessment aligns with established standards
	E	None of the above
	Correct Answer	B
	Marks	1

41	Question Description	What is the purpose of summative assessment in technical education?
	A	To provide ongoing feedback to students during the learning process
	B	To assess students' performance at the end of a course or program
	C	To encourage students to collaborate on assignments
	D	To identify areas of improvement for the instructors
	E	None of the above
	Correct Answer	B
	Marks	1

42	Question Description	Which examination format assesses students' practical skills and knowledge in a real-life setting?
	A	Multiple-choice questions
	B	Essay questions
	C	Oral examinations
	D	Performance-based assessments
	E	None of the above
	Correct Answer	D
	Marks	1
43	Question Description	A performance evaluation system in educational institutions typically involves:
	A	Comparing the performance of different institutions.
	B	Assessing the academic achievements of students only.
	C	Reviewing the effectiveness and efficiency of staff members.
	D	Conducting annual cultural events to showcase talent.
	E	None of the above
	Correct Answer	C
	Marks	1

44	Question Description	What is the main objective of the "National Skills Qualification Framework" (NSQF) in the context of technical education?
	A	To promote theoretical knowledge over practical skills in vocational courses.
	B	To standardize the assessment and certification of skills acquired through formal and informal learning.
	C	To discourage the private sector from actively participating in the skill development ecosystem.
	D	To limit the number of technical institutes to control the supply of skilled professionals.
	E	None of the above
	Correct Answer	B
	Marks	1
45	Question Description	How can a successful examination manager ensure effective engagement with all stakeholders?
	A	By keeping stakeholders uninformed until all decisions are made
	B	By providing stakeholders with only the information they want to hear
	C	By involving stakeholders in decision-making and communicating transparently
	D	By avoiding communication with stakeholders to minimize conflicts
	E	None of the above
	Correct Answer	C
	Marks	1

46	Question Description	What is the significance of the "National Policy on Education" (NPE) in technical education?
	A	It provides guidelines for academic research in all fields of education.
	B	It focuses on the establishment of more arts and humanities colleges.
	C	It lays down the framework for the development of technical education in India.
	D	It primarily deals with policies related to primary and secondary education.
	E	None of the above
	Correct Answer	C
	Marks	1

47	Question Description	Which of the following is a recent trend in technical education?
	A	A decline in the use of online learning platforms for skill development.
	B	A shift towards traditional lecture-based teaching methods.
	C	An increasing focus on interdisciplinary education and project-based learning.
	D	A decrease in the demand for technical courses due to changing job markets.
	E	None of the above
	Correct Answer	C
	Marks	1

48	Question Description	What is the primary purpose of using a rubric in assessment?
	A	To provide students with detailed feedback on their performance
	B	To set the passing grade for the assessment
	C	To determine the total marks available for the assessment
	D	To prevent cheating during the assessment
	E	None of the above
	Correct Answer	A
	Marks	1

49	Question Description	How do educational reforms impact technical education institutions?
	A	By decreasing the emphasis on technology-oriented courses.
	B	By introducing strict regulations on the curriculum, limiting flexibility.
	C	By promoting industry-academia collaboration and encouraging innovation.
	D	By reducing the number of scholarships and financial aid available to students.
	E	None of the above
	Correct Answer	C
	Marks	1

50

Question Description	In the context of examinations, what does the term "proctor" refer to?
A	The person responsible for grading the exam papers
B	The student who achieves the highest score in the exam
C	The individual who supervises and monitors the exam session
D	The committee that sets the examination questions
E	None of the above
Correct Answer	C
Marks	1

Comprehension

Read the following passage and answer the questions given below: -

Arnold Toynbee said about Ramakrishna that 'his religious activity and experience were comprehensive to a degree that had perhaps never before been attained by any other religious genius in India or elsewhere'. You will hear only echoes of such words if you go through some recent works on Ramakrishna published in the West. What is most important in all works for the dissemination of Vedanta philosophy in its bearings on the idea of universal religion is to affirm, without any reservation, that this ideal does not touch any religion as it exists but only urges a universal approach to all religions. By universal religion, Vivekananda meant this mingling of faiths and he thought it was Vedanta, particularly Advaita Vedanta, which could bring about this mingling of spiritual tunes in a grand harmony of faiths.

Question Description

The statement, 'his religious activity and experience were comprehensive to a degree that had perhaps never before been attained by any other religious genius in India or elsewhere', implies that as a religious genius, his religious activity and experience were

- A** probably the first, and so far, the most comprehensive in the world
- B** likely to be the most comprehensive in India and elsewhere
- C** those which few others had attained in the past in India or elsewhere
- D** perhaps the best and comprehensive attainments in the world.
- E** None of the above

Correct Answer

A

Question Description

Directions: Read the given information carefully and answer the questions given beside:

Eight persons namely Aadit, Babar, Chahel, Danvir, Etash, Faisal, Gagan and Hardik were standing in different directions with respect to each other. Each of them scored different marks in the English subject among 34, 39, 43, 48, 54, 63 and 70 but not necessarily in the same order. Only two of them have equal marks.

Aadit is 12m west of Etash and his mark is 54. Only Chahel scored the highest mark and stands 15m west of the person, whose marks is 63. Babar stands 8m north of Hardik, who scored 34 marks. Hardik is 20m south-west of Etash. The mark scored by Etash and the person, who stands 15m west of Chahel is same. Gagan is 15m west of the person, whose marks is 43. The one who scored third lowest mark is 16m north of Chahel. Danvir is not to the north-west of Aadit. Etash's mark is more than 43. Babar scored more marks than Aadit. Aadit, Babar and Hardik are standing in a vertical line.

How many persons scored more marks than the one who is exactly to the east of Aadit?

A

Two

B

Three

C

Four

D

Five
